

## ScentPOP System Technical Specifications

The ScentPOP scent delivery system is ideal for Point-of-Purchase sampling and promotions such as scent sampling at vending and kiosk centres. It can be easily incorporated into existing displays, fixtures, vending machines and kiosks. The system is loaded with a scent cartridge that is embedded with a unique fragrance. Easy to replace, these cartridges enable you to change scents to coordinate with new themes or seasons and deliver scent in a clean and controlled way.

### Product Features:

- Directional scent delivery up to 15 feet
- Over 1,000 quality scents to choose from
- Uses replaceable easy to install scent cartridges
- Cartridges last 300 hours, 30 days in a typical standard installation
- Adjustable duration settings
- Motion detection sensor
